

"Planting Faith For Generations"

July 15 & 16, 2023

Matthew 13:1-9, 18-23

Opener: Who was it that shared the Gospel with you in the deepest way?
Whom would you like to share the Gospel with the same impact?

Go Deeper:

1. According to the parable, what are the different types of soil and their corresponding outcomes in terms of seed growth?
 2. What does the seed represent in the parable, and how does it relate to the Word of God?
 3. Explore the different reactions of the soil types to the seed. What factors contribute to the success or failure of the seed in each type of soil?
 4. In verse 19, Jesus explains the meaning of the parable to His disciples. How does His explanation shed light on the significance of the parable?
 5. Consider the significance of the seed falling on good soil and producing a fruitful harvest. How does this relate to our role as believers in sharing the gospel?
-

Live It:

1. Reflect on the condition of your own heart. Which type of soil do you identify with the most, and why?
2. In what ways can we cultivate good soil in our hearts to receive and nurture the Word of God?
3. What practical steps can you take to create an environment at home or within your family that fosters spiritual growth and allows the Word of God to take root for future generations?
4. What is God saying to you?
5. What are you going to do about it this week?
