

God's Will, God's Way #1: "Chains Cannot Cancel Covenant"
June 14 & 15 2025
Exodus 1:1-21

Opener:

What's one childhood rule you remember breaking—and what happened next?

Go Deeper:

Explore the biblical text and reflect on its meaning.

1. Read Exodus 1:1–7. What signs do you see that God's covenant promises to Abraham are still being fulfilled—even in a foreign land?
 2. What changed in Exodus 1:8–14 that caused Israel's situation to go from blessing to bondage?
 3. In what ways does the oppression of God's people actually serve to advance His plan rather than derail it? (See also Romans 8:28 and Genesis 50:20)
 4. Read Exodus 1:15–21. Compare the midwives' response to Peter's words in Acts 5:29: "We must obey God rather than men." How does this principle apply when Christians face cultural or moral pressure today?
-

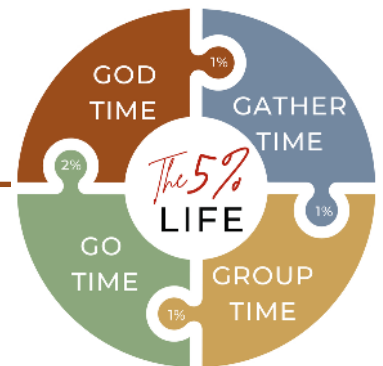

Live It:

Apply the message personally and practically.

1. What current struggle or "chain" in your life tempts you to wonder, "Where is God?" How does Exodus 1 help reframe that question?
2. When have you had to take a stand for what's right, even when it came at a cost? How did God strengthen your faith?
3. Is there a situation in your life where you've been waiting for God to act? How might He already be moving behind the scenes?
4. Reflect on this statement: "Chains cannot cancel covenant." What promise of God are you holding onto in this season?
